## Ervaringsoverzicht

### Vulploegmedewerker - Jumbo

- 14 Juni 2018 - 6 Juli 2020
- Als vulploegmedewerker bij Jumbo zorgde ik voor nette en overzichtelijke schappen en hielp ik klanten bij vragen. Deze rol vroeg om nauwkeurigheid, klantgerichtheid en teamwork.

### Monteur - GO Sharing

- 4 augustus 2023 - 3 juni 2024
- Als monteur bij GO Sharing was ik verantwoordelijk voor het demonteren, repareren en assembleren van scooters. Deze functie vereiste technische kennis, precisie en probleemoplossend vermogen.

# Wishant Bhajan

## About Me

My name is Wishant Bhajan, and I am 20 years old. I have a deep passion for IT, particularly in software development and system management. In my free time, I enjoy building websites, experimenting with new programming languages, and working on personal tech projects. I also like tinkering with hardware components, developing small applications, and constantly expanding my knowledge in the ever-evolving tech industry. My curiosity and enthusiasm for technology drive me to create innovative and efficient solutions.

University of Applied Sciences

## Experience overview 1/2

IT Support Specialist - Studenten Aan Huis  
January 2024 - January 2025

As an IT Support Specialist at Studenten Aan Huis, I was responsible for helping customers troubleshoot software and hardware issues, installing and configuring software, and optimizing system performance. This role required strong problem-solving skills, customer service abilities, and extensive knowledge.

IT Technician - GO Sharing

August 2023 - June 2024

In my role as an IT Technician at GO Sharing, I was involved in hardware programming and troubleshooting electronic components within electric scooters. My responsibilities include firmware updates, diagnosing technical faults, and optimizing performance. This position required strong programming skills, attention to detail, and hands-on technical expertise.

# Experience overview 2/2

Stock Clerk - Jumbo

June 2018 - July 2020

As a stock clerk at Jumbo, I ensured shelves were neatly stocked and assisted customers with inquiries. This role required accuracy, customer service skills, and teamwork.

Founder & Web Developer - Self-Employed

January 2024 - Present

I founded my own business specializing in web development, creating websites for companies using React, Java, TypeScript, Django, Python, and C#. My work includes developing scalable and responsive web applications tailored to clients' needs.
